About This Catalogue

TCN Otomotiv manufactures tractor and automotive spare parts in İzmir, Türkiye. This catalogue lists stop solenoids, glow plugs, control cables and oil pressure switches for Massey Ferguson, Ford, Fiat and New Holland, John Deere, Steyr, Leyland, David Brown and other makes.

The catalogue contains 153 parts. Each part is listed with its original and cross-reference part numbers, the tractors or engines it fits and, where available, its voltage, thread size or length. For prices, please send us the part numbers, a short description of each part and the quantities you need.

Reference original numbers / cross reference numbers are used for comparison purpose only.

Stop solenoids (14 parts)

Fuel cut-off (stop) solenoids for diesel injection pumps, in 12 V and 24 V versions, with single pole, dual pole and socket type connections. Most types are made for CAV, Lucas and Delphi pumps; two types are made for Bosch pumps.
